

ARCA’s 2026-2027 Webinar Series
We are pleased to present on

FRIDAY, MARCH 20, 2026

12:00 P.M. — 1:00 P.M. EASTERN TIME

**“PSYCHIATRIC REHABILITATION: BEST PRACTICES IN RECOVERY
BASED SERVICES FOR REHABILITATION PROFESSIONALS”**

PRESENTED BY
MICHAEL J. WALSH, PH.D., LPC, CRC

This workshop presents an opportunity to explore Best Practices and current research on recovery-oriented services for individuals who experience psychiatric disabilities. This workshop is tailored specifically for vocational rehabilitation professionals and will explore the ways in which vocational services can be tailored to support vocational outcomes and individual rehabilitation goals. Predictors of vocational and rehabilitation outcomes will be explored as will recovery-oriented assessment and supported employments strategies. The presenter will share experiences from his own time as a vocational rehabilitation counselor and invitees will be encouraged to use the information provided to consult and develop potential ideas for their own cases. .

LEARNING OUTCOMES:

- Improve understanding of basic psychiatric rehabilitation principles.
- Improve understanding of predictors of psychiatric rehabilitation outcomes.
- Improve understanding of psychiatric rehabilitation assessment strategies.
- Improve understanding of the role of work in recovery from psychiatric disabilities.

ABOUT THE PRESENTER. . . .

Mike Walsh is a Certified Rehabilitation Counselor (CRC) and Certified Psychiatric Rehabilitation Practitioner (CPRP) as well as a veteran counselor educator, having taught Clinical Rehabilitation Counseling and Psychiatric Rehabilitation for over 15 years. Mike is currently a Clinical Associate Professor at the University of South Carolina School of Medicine and the Director of the Psychiatric Rehabilitation Certificate of Graduate Study program at USC. Mike is also a Board Member at the Psychiatric Rehabilitation Association and is currently servicing on the CPRP and CFRP Examination Committee charged with updating both credentials. Mike also ran a mental health agency that specialized in psychiatric rehabilitation for 14 years as the Clinical and Executive Director and has developed trainings in Recovery-oriented services for multiple agencies, hospitals and behavioral health companies.
